Heading to the middle of the home, you have a walkway which opens into a large hallway on your left which is currently being used for storage – this could be the perfect dressing room or office if desired. To your right you have your wet areas.

The bathroom is conveniently located in close proximity to your bedrooms and features a built-in corner unit with shower curtain and a vanity for storage.

Your laundry has a built-in bench & trough with additional cupboard space for your storage needs, plus a space which would fit either your front loader or top loader. Off here is your separate toilet.

Three of your bedrooms are all carpeted and located on the right side of the home. Two of these rooms have large built-in robes.

Stepping down into the rear of the home is a large sun room which is flooded with natural light. This room overlooks the rear yard with its abundance of windows and features brand new carpet. This room could be an additional lounge room, or playroom for the kids.

Your fourth bedroom is located off the sun room with built in robes and an outlook over the pristine backyard & Pool.

The sun room has direct access to your large paved patio area which is ideal for entertaining in both the summer and winter months!

Overlooking your below ground, salt pool and lush lawn area, imagine spending early mornings here, drinking your coffee or enjoying a bevy by afternoon.

The pool area is paved and fenced. The well-established yard includes reticulated gardens for your benefit and combines natives with large trees to assist in shading the house and lawn area. The yard is fully fenced which includes rear lane way access (with it being its own fully fenced section).

At the very rear of the block, you have a double garage with lean-to workshop which has concrete floors and is powered. An added extra to the rear yard, is that there is a chicken coop!

The home is serviced by evaporative air-con and scheme water. The solar panels are an added benefit to assist with lowering your power bills.
